SUBJ: ORDINANCE NEEDED TO COMPLY WITH ACT 1420 OF 1997 LEGISLATURE.  
(REFER TO RESOLUTION R-044-98 & INFORMATION FURNISHED THEN)

\*\*\*\*\*  
Having briefed City-Parish Council members on ACT 1420 (1997) requirements and presented prospective future precinct boundaries to comply, I was then requested and authorized by the attached Council Resolution #R-044-98 to go forth with a submission of the proposed visible boundaries to the State of Louisiana for review and approval as mandated by the Act.

The attached letter dated June 2, 1998 from the House of Representatives indicates approval of the State of Louisiana for the prospective precincts submitted to comply with ACT 1420 of 1997, ensuring that precinct boundaries conform to the census boundaries and meet the visible feature requirements.

The letter further indicates that A FINAL PASSAGE ORDINANCE is now needed which officially adopts the boundaries of all precincts submitted and approved, as well as, a preclearance letter by the U.S. Department of Justice (by December 31, 1998 at the latest), so that the precincts may be implemented for the 2000 census.

The letter also recommends two (2) effective dates to be used in the ordinance.

The ordinance should adopt the establishment of ALL voter precincts in the Parish of Lafayette, prescribing their boundaries, defining their territorial limits, designating numerical precinct references, designating their polling locations, and establishing the effective dates in accordance with ACT 1420 of the 1997 regular session of the Louisiana legislature.

Hopefully, the following ENCLOSURES will help as exhibits:

1. A MAP OF ALL PRECINCTS INDICATING BOUNDARIES AND NUMBER DESIGNATIONS.
2. A WRITTEN DESCRIPTION OF EACH PRECINCT BOUNDARY.
3. A LIST OF POLLING LOCATIONS ASSIGNED TO EACH PRECINCT.

Do not hesitate to call if I may be of further assistance in this matter.

Re: Approval of Submission of Precinct Boundary Changes under Act 1420 (1997)

Dear Steve:

The Office of the Clerk of the House of Representatives has reviewed your submission on behalf of Lafayette Parish proposing changes to precinct boundaries to comply with Act 1420's requirement that nonvisible precinct boundaries be changed to visible features. This submission satisfies the visible feature requirements of Act 1420 and is approved by this office.

We understand that this submission establishes these precinct changes as "prospective" changes as provided by R.S. 18:532.1 (B). This "prospective" submission indicates that these precinct changes shall be effective not later than January 1, 2000, for the purpose of establishing block boundaries for the 2000 Census and for reapportionment purposes, and not later than December 31, 2001, for all purposes. The final version of the parish's ordinance regarding these precinct changes should indicate these effective dates.

Be advised that this approval is for the current submission only and that any changes to this current submission must be subsequently approved by this office. Furthermore, a copy of the final passed ordinance regarding these precinct boundary changes must also be provided. Finally, this office must also receive documentation of preclearance by the United States Department of Justice by December 31, 1998, so that the proposed precinct changes may be implemented for the 2000 Census.

If you have any questions or would like further clarification on this issue, please contact me at (504) 342-2591.

Sincerely,

FOR THE OFFICE OF THE CLERK
